Sir:

This is in response to the United States Patent and Trademark Office Action mailed 3 June 2004, which response is being made on or before 2 September 2004, and for which no extension fees are due. Please amend the above-identified application as follows:

Description of the Preferred Embodiments

Please amend the Description of the Preferred Embodiments lines 13-17 as follows:

(Amended) Referring now to the drawings, Figure 1, <u>Element 1</u> illustrates the capsule device. Travel through the human body is facilitated by casing that encloses and protects the transmitter and power unit. <u>Element [Figure] 2</u> is the transmitter that will issue the distress signal identifying the location of the individual and <u>element [figure]</u> 3 is the power unit that will supply the energy to the transmitter.

Please amend Brief Description of the Drawings as follows:

BRIEF DESCRIPTION OF THE DRAWINGS

(Amended) The invention is herein described, by way of example only, with reference to the accompanying drawing [s], wherein:

FIG. 1 is a diagram of the capsule. [casing.]

5

[FIG. 2 is a diagram of the transmitter.]

[FIG. 3 is a diagram of the power unit.]

The Drawing

Please amend the drawing as follows:
